

Job Announcement

Title: **Training Coordinator, Water & Wastewater Training**
Full Time or Part Time

Duties: Develop and present safety and operational training for municipal water and wastewater personnel throughout Oklahoma based on applicable Oklahoma Department of Labor and Department of Environmental Quality standards for municipal water operations. The successful candidate will stand before groups from five to fifty to present applicable training and work with member personnel to ensure understanding of water and wastewater standards. Overnight travel involved.

Requirements: High school diploma or equivalent, valid driver's license, Class C Water Works Operator license, Class B or A preferred; 5 years documented experience working in or operating a municipal water/wastewater system and/or rural water system in compliance with all federal and state mandates for applicable water systems.

Pay Range: \$ 19.00 - \$24.00 per hour, DOQ, plus an excellent benefits package.

To Apply: Send a letter of interest, resume and 3 professional references to
